

# THE ESK HILLS MASTER PLAN

# Discover Esk Hills

Esk Hills provides privately owned homesites within 76 hectares of beautiful, rolling country estate with stunning views over open countryside, vineyards and coast.

Homesite owners share ownership of recreational land and amenities and all common areas are managed and maintained.

**Dream build:** Each Esk Hills homesite has been sited and contoured to maximise views while giving as much privacy as possible. The perfect platform to realise your dream home.

**Home and land:** A number of home and land design packages are available, with architecturally designed homes tailored to each sites natural setting.

**Esk Hills** is only 10 minutes from Napier city life and the airport. And with its on-site property manager you are free to enjoy your life to the full.

Phone Gerard or Andrew for more information, or visit the open home between 12:00 and 3:00pm Thursdays to Mondays
